

2004 INTERNATIONAL FESTIVAL

FRIDAY, SATURDAY, AND SUNDAY
JUNE 25 TO JUNE 27
ANGLE LAKE PARK

BOOTH REGULATIONS

Our theme again this year is diversity, a celebration of the differences in people's ethnic and cultural backgrounds.

1. Set-up is 8 AM to 11 AM on Friday. Saturday and Sunday set-up is 7 AM to 10 AM. SeaTac Fire Explorers and King County Police Explorers will provide security Friday and Saturday nights. Park gates are locked at dusk.
2. Unload your vehicle and move your car BEFORE setting up your booth. The Explorers will be available to assist you in unloading. There will be designated parking for vendors.
3. Participants supply their own tent, tables, chairs, awnings, etc.
4. All booths and exhibits are to be open until 6 PM Friday, 7 PM Saturday, and 5 PM Sunday. Please DO NOT leave early, it starts a chain reaction and ruins the festival.
5. This is an International Festival. Please keep our theme of "Diversity" in mind and decorate your booth to represent some country or culture, and wear costumes if possible. Prizes will be awarded for the best booths.
6. ALL FOOD VENDORS must have a HEALTH PERMIT and meet all Health Department and Fire Department requirements.
7. Please have your booth in operation at all times. There will be a limited number of volunteers that may be used for relief.

FIRE SAFETY REQUIREMENTS

1. Floor surface inside a tent or canopy and the grounds outside perimeter shall be kept clear of combustible waste.
2. Smoking shall not be permitted inside tents or canopies or in adjacent areas where combustible materials are stored or used.
3. Compressed gas containers, cylinders, tanks and systems shall be secured against accidental dislodgment and access by unauthorized persons.
4. Portable generators shall be separated from tents, canopies and other combustible material by a minimum of 15 feet and shall be isolated from contact with the public by either physical guards, fencing or enclosed or constantly attended. A2A:10BC fire extinguisher is required with generator.
5. Fire Department recommends a minimum of one (1) fire extinguisher with a minimum 2A:10C rating for each exhibitor.
6. No LPG propane or kerosene heating devices in any booth, other approved heating devices with prior approval and inspection by fire department.
7. Extension cords need to be 12/3 grounded.
